Re: Monthly Progress Report  
Interstate Pollution Control/Roto-Rooter Superfund Site  
Winnebago County, Illinois  
SECOR Project No.: 61UN.05046.00.0004

Dear Mr. Wilson:

SECOR International Incorporated (SECOR) hereby submits this Monthly Progress Report for the above-referenced project on behalf of Interstate Pollution Control/Roto-Rooter Superfund Site Remedial Design/Remedial Action Steering Committee (Group).

**A. Actions of the Previous Month**

Completed clearing on the site with the exception of the north boundary. We are having a problem getting Commonwealth Edison to remove three poles on the site.

Submitted the Engineered Barrier design drawings and specifications to EPA for review.

**B. Summary of Sampling and Testing**

No sampling or testing was conducted in the previous month.

**C. Plans Completed in the Previous Month**

Review set of Engineered Barrier drawings completed this month.

**D. Actions Scheduled for the Next Six Weeks**

Resolve IEPA comments on the Groundwater Monitoring Work Plan.  
Construct Engineered Barrier.  
Install Monitoring Wells.

**E. Percentage Completion**

The project is approximately 20% complete.

**F. Modifications to Plans**

O&M revisions were completed. The revised document will be forwarded to IEPA.  
comments.

Sincerely,  
**SECOR International Incorporated**

Kenneth G. Smith, P.E.  
Project Manager
